

Digital SLR I with Projects

Instructor **Drayke Larson**

Phone **612-424-9760**

E-mail **drayke@photosynthetique.com (Preferred)**

Website **<http://photosynthetique.com/class>**

Required Text:

None.

Course Description:

An introduction to the fundamentals of photography using a digital SLR. A combination of lecture and projects will help ensure a good grasp of basic usage.

Goals:

My primary goal is to make the use of your digital SLR a subconscious part of the larger art of photo capture, thus freeing you from worrying about your gear so that you can focus on the world around you!

Requirements:

A digital SLR, at least one lens, a memory card for your projects.

***Optional:* A USB flash drive or portable hard drive to bring your projects in on to share! (I will provide a memory card reader in-class so that you can still share the images from your camera if you do not have a portable drive.**

Resources:

I have a special page set up on my website with digital versions of any class files or handouts for those who prefer to read their handouts on an e-Reader or tablet device.

Evaluation:

I will do my best to work with you to help you get the most out of your photography!

Course Schedule:

Week	Topic	Assignments
04/17/13	Terms and Lecture – Focus on Aperture	
04/24/13	Focus on Shutter Speed	Take 10 Assignment
